

WE NEED YOUR HELP

IJME is facing an acute financial crisis

Our voluntary and philanthropic financial model PWYW (PayWhatYouWant) has kept

IJME online free to readers and authors

This model is now under stress unless you all extend help

How can you help *IJME*?

Authors: Authors with the resources can voluntarily PWYW as Article Processing Charges (APC)

Readers: PWYW while accessing full text/pdf of articles

Subscriptions: Buy and/or gift a print issue [subscription](#)

Advertisements: [Advertise](#) on the *IJME* website and in print issue

CSR Funding*: A company in India with a CSR (Corporate Social Responsibility) programme can provide grants for educational publishing activities

Donation/Grants*: Indian citizens and Philanthropic Foundations can make [donation](#)

* Indian laws do not permit **non-Indian** individuals and organisations to give **grants and donations** to a registered Indian journals/newspaper like *IJME*. But they can pay for APC/download, subscription, advertisement, etc. *IJME* does not accept donations/grants from pharmaceutical companies. Indian donations are eligible for 80G IT benefits
